Index

Adjective
 and binding domain, 101–102 (*see also* Binding, domain)
 and Event role, 141–142
 and possessor raising, 141, 145
 and PredP, 95 (*see also* Pred)
 as root (*see* Causative, deadjectival; Incorporation, adjective incorporation)
Adjunct
 "by nature" vs. by movement, 184
 and the MLCA, 182–185
 overt noun phrase (NP) in polysynthetic languages as adjuncts, 113
 and word order, 114
Adjunct Parameter, 183–184
Affectedness, 195
Agglutinative language. *See* Head-final structure, agglutinative languages
Agreement. *See also* Polysynthetic language; Possessor raising
 on Mohawk adjectives, 141–142
 on Mohawk nouns, 128
 on Mohawk verbs, 112, 114, 135, 143
Al-Dobaian, A., 15, 191, 199
Almansour, A., 176, 191
Alsina, A., 21–22, 29–30, 40, 48, 151, 192–193
Anderson, S., 1, 167, 177
Aoun, J., 46
Applicative, 40–54, 106–107, 194–195. *See also* Incorporation, preposition incorporation
 in Bantu, 40, 54
 Benefective/Goal (B/G), 42, 45, 49, 52–53
 in Iroquoian, 41, 54
 linear location of the applicative affix, 41
 in Mohawk, 143, 156
 non-Benefective, 43, 51–53
Arabic, 2–3, 13–17, 83–84, 105
Argument structure, 10–14, 17, 29–30, 47–52, 136–138, 143, 145, 151, 191, 202
 composition, 10, 19, 30, 140, 142–143, 148–151, 157
Argument suppression, 26, 29–30

Baker, M., 5, 9–10, 22, 27, 32, 34–35, 37–39, 40–41, 45–46, 95–98, 102, 105, 110–111, 114, 125–129, 134–137, 139, 143–145, 148–150, 157, 191–193, 196, 198–203
Baltin, M., 180, 183
Bare phrase structure, 201
Belletti, A., 25
Benmamoun, E., 14, 96, 191
Binding
 Condition C, 113, 116–117, 126–127, 129, 133, 139, 148 (*see also* Polysynthetic language, referentiality of incorporated N)
 domain, 3, 10, 14, 20, 49, 103–106, 197
 thematic theory of, 12–13
Borer, H., 14–15, 85–90, 198–199
Bošković, Ž., 191
Bowers, J, 95, 183, 205
Bresnan, J., 29, 40–41, 46, 204

Carrier-Duncan, J., 46
Case
 inherent, in Mohawk, 144
 marking, 111, 114–115, 196, 198, 200–202
 structural, in Mohawk, 143
Causative
 deadjectival, 3, 14–15, 83, 89, 97–98, 105, 175–176, 191, 199 (*see also* Incorporation, adjective incorporation)
 in head-final languages, 175
 morphological, 3f, 9, 48, 86, 106 (*see also* Incorporation)

Causative (cont.)
and opacity to modification, 85–86, 93–94
periphrastic, 3, 86
and transitive/unergative verb root, 149
Type I, 21, 29, 31, 192–193, 198
Type II, 9, 27, 192–193
Chafe, W., 131
Chain, 192, 195
A-, 195
Ā-, 131
homogeneous, 35
Chichewa, 21–22, 28, 34–35, 42–43, 192–193, 198
Chimwiini, 9–10, 12, 27–28
Chinese, 54–57, 63–81, 126–127, 136, 157, 172, 177, 182–183, 194–196, 198, 202
Chomsky, N., 20–21, 24, 33, 45, 49, 89, 96, 115, 172, 180, 192–193, 197, 201
Cinque, G., 180, 199
Clause-type morpheme (C_t), 173, 204
Cliticization, 178
as head movement, 178–179
and multiple functional heads, 180
ne, 97
as phrasal movement, 180–181
Coargument, 12, 142, 146
Collins, C., 32, 74–75, 196f, 198
Complementizer, 172–173. *See also* Clause-type morpheme
Compounding, 7, 129, 193
via noun incorporation (*see* Incorporation, noun incorporation)
N-V-*ing* in English, 111, 113
resultative compound in Chinese (*see* Resultative, compound)
Condition on Agreement Relations (CAR), 140, 148–149, 155
Culicover, P., 204–205

Dative pronoun in Modern Hebrew
possessive, 88, 90, 93
reflexive, 88, 90, 93, 95
David, D., 93
DeMerit, J., 205
Di Sciullo, M.-A., 11, 89, 110, 115, 117, 136, 202
