## Contents

**Preface**  

**1** Introduction  
1.1 Media Economics  
1.2 Up-and-Down Economics  
1.3 Policy Evaluation  
1.4 A Picture Can Be Worth a Thousand Words  
1.5 Pragmatic Economics  
1.6 Really Important Macroeconomic Ideas  
Chapter Summary

**2** The Market Model  
2.1 Demand  
2.2 Supply  
2.3 The Market  
2.4 The Market Model and News: Necessary Curve Shifting  
2.5 Media Examples  
2.6 Macroeconomic Markets  
2.7 Picturing the Macroeconomic Markets  
2.8 A “Big Picture” for Macroeconomics

**3** Measuring GDP and Inflation  
3.1 What Is GDP?  
3.2 Estimating GDP

---

Curiosity 3.1: Do We Really Keep Track of Every Dollar of Spending Every Year?
3.3 GDP as Gross Deceptive Product 30
   Curiosity 3.2: New and Improved GDP? 30
   Curiosity 3.3: Where Can These Numbers Be Found? 32
3.4 Real versus Nominal GDP 34
3.5 Measuring Inflation 35
   Curiosity 3.4: How Do the GDP Deflator and the CPI Differ? 37
3.6 The Costs of Inflation 40
   Curiosity 3.5: What Level of Inflation Should We Aim For? 41
Media Illustrations 42
Chapter Summary 43
Formula Definitions 44
Media Exercises 44
Numerical Exercises 48
Appendix 3.1: Measuring GDP by Adding Up Incomes 51

4 Unemployment 53
4.1 Defining and Measuring Unemployment 54
4.2 The Employment/Unemployment Connection 56
   Curiosity 4.1: How Is Unemployment Measured? 57
4.3 What Is Full Employment? 58
   Curiosity 4.2: The “New Normal” 60
   Curiosity 4.3: Why Is Unemployment So High in Europe? 62
4.4 The Cost of Unemployment 62
   Curiosity 4.4: What Is Okun’s Law? 64
   Curiosity 4.5: What Is Hysteresis? 64
Media Illustrations 65
Chapter Summary 66
Formula Definitions 66
Media Exercises 67
Numerical Exercises 72

5 Aggregate Demand and the Keynesian Model 75
5.1 Aggregate Demand 76
5.2 Determining National Income 77
   Curiosity 5.1: What about Unwanted Investment in Inventories? 79
5.3 The Multiplier 80
Curiosity 5.2: What Is the Multiplier? 82
5.4 Do We Want a Big Multiplier? 83
Curiosity 5.3: What Is a Leading Indicator? 86
5.5 Inventories and Forecasting 88
5.6 Policy Implications 89
Curiosity 5.4: What Is the Full-Employment Budget? 90
5.7 Deficit Spending 91
5.8 Aggregate Demand and Aggregate Supply: A First Look 92
Curiosity 5.5: A Reality Check: The Limits of Keynesian Policy 93

Media Illustrations 95
Chapter Summary 98
Formula Definition 98
Media Exercises 99
Numerical Exercises 105
Appendix 5.1: Macroeconomics before Keynes: The Classical School 108
Appendix 5.2: The Circular Flow of Income 110
Appendix 5.3: The 45-Degree Line Diagram 110
Appendix 5.4: Deriving Aggregate Demand and Aggregate Supply 112

6 Supply-Side and Related Models 117
6.1 The Micro Foundations of Macro Model 118
6.2 Supply Shocks: A First Look 120
6.3 The Micro Foundations Model and Employment 121
6.4 Government Spending in the Micro Foundations Model 121
Curiosity 6.1: Can Supply Shocks Explain Business Cycles? 123
6.5 Taxes and Distortions 124
6.6 The Micro Foundations Model and Money 126
6.7 Aggregate Supply and Aggregate Demand with Supply Shocks 126
6.8 The Multiplier Reconsidered 128
Curiosity 6.2: Was the Great Depression (in Part) a Supply Shock? 129
6.9 Full Employment, Aggregate Demand and Aggregate Supply, and the World Today 130
Media Illustrations 131
Chapter Summary 132
Media Exercises 133

7 Growth and Productivity 137
7.1 The Determinants of Growth 138
Curiosity 7.2: Why Does the Standard of Living Vary So Much across Countries? 142
7.2 The Productivity Growth Process 144
7.3 Savings, Investment, and Growth 146
Curiosity 7.3: What about Foreign Financing? 149
7.4 Policy for Growth 150
Media Illustrations 152
Chapter Summary 153
Formula Definitions 153
Media Exercises 154
Numerical Exercises 160

8 The Money Supply 161
8.1 What Is Money? 162
Curiosity 8.1: The History of Money and Economic Growth 163
Curiosity 8.2: What Is the Fed? 166
8.2 Fractional Reserve Banking 167
Curiosity 8.3: What Are the Legal Reserve Requirements? 168
8.3 Controlling the Money Supply 168
8.4 The Money Multiplier 169
Curiosity 8.4: How Big Is the Money Multiplier? 171
8.5 The Subprime Mortgage Crisis 172
Media Illustrations 174
Chapter Summary 175
Formula Definition 176
Media Exercises 176
Numerical Exercises 179
Appendix 8.1: What Is a Financial Intermediary? 180
Contents

Formula Definitions 237
Media Exercises 237
Numerical Exercises 245
Appendix 10.1: More about Bonds 246

11 Government 249
11.1 Government Spending: An Overview 250
11.2 Public Goods 250
11.3 Externalities 251
  Curiosity 11.1: Free-Riding Cities 252
11.4 Among the Flies in the Ointment 254
  Curiosity 11.2: Libertarian Views 255
11.5 Income Redistribution 255
11.6 Paying for Government: Taxation 257
11.7 Paying for Government: Debt 259
  Curiosity 11.3: How Big Is the Deficit? 260
Media Illustrations 261
  Curiosity 11.4: Government Defaults 262
Chapter Summary 264
Media Exercises 265
Appendix 11.1: What Is Generational Accounting? 266
Appendix 11.2: What Is the Structural Deficit? 267

12 The Phillips Curve, Stagflation, and Burst Bubbles 269
12.1 Stagflation and the Phillips Curve 270
  Curiosity 12.1: What Are New Classical Economists and New Keynesians? 273
12.2 Policy Implications 275
12.3 Fighting Inflation with Recession 277
  Curiosity 12.2: Why Did the NRU Fall in the Late 1990s? 280
12.4 Explaining Stagflation 281
  Curiosity 12.3: Wage and Price Controls 282
12.5 Bubbles and Burst Bubbles 283
Media Illustrations 285
Chapter Summary 287
13 **International Economics and the Balance of Payments** 303

13.1 Why Do We Trade? 304
13.2 The Balance of Payments 305
13.3 Determinants of Foreign Exchange Market Activity 306
   Curiosity 13.2: Why Is There More Than One Exchange Rate? 308
13.4 The International Economic Accounts 309
   Curiosity 13.3: How Do We Know the Statistical Discrepancy? 310
13.5 The Twin Deficits 312

Media Illustrations 313
Chapter Summary 315
Media Exercises 315
Numerical Exercises 320

14 **Policy in an Open Economy** 325

14.1 International Imbalance with a Flexible Exchange Rate 326
   Curiosity 14.1: What Is the Effective Exchange Rate? 327
14.2 International Imbalance with a Fixed Exchange Rate 327
14.3 International Influence on Fiscal Policy 328
14.4 International Influence on Monetary Policy 330
14.5 Sterilization Policy 332
14.6 Government Influence on the Exchange Rate 333
14.7 Fixed versus Flexible Exchange Rates 334

Media Illustrations 336
Chapter Summary 338
Media Exercises 339

15 **Arbitrage Conditions** 347

15.1 Arbitrage and the Law of One Price 348
