Ours is a brand-new world of all-at-onceness.

‘TIME’ has ceased,

‘SPACE’ has vanished.

We now live in a global village … a simultaneous happening

BACTERIA
communicate with our cells, telling them about a world ‘out there’, a chatter of which we are very little aware, not to mention the resonances of all matter in the world, constantly humming to every part of our bodies, the boundaries of which thus dissolve, because we are also resonance, a cloud of microbes, ENERGY, SMELL AND LIGHT
