

Contents of Volume 1

Contents of Volume 2	ix
List of Contributors to Volumes 1 and 2	xiii
Preface to Volumes 1 and 2 Lorenz Krüger	xv
Introduction to Volume 1 Lorraine J. Daston	1
I REVOLUTION	
1 What Are Scientific Revolutions? Thomas S. Kuhn	7
2 Scientific Revolutions, Revolutions in Science, and a Probabilistic Revolution 1800–1930 I. Bernard Cohen	23
3 Was There a Probabilistic Revolution 1800–1930? Ian Hacking	45
II CONCEPTS	
4 The Slow Rise of Probabilism: Philosophical Arguments in the Nineteenth Century Lorenz Krüger	59
5 The Decline of the Laplacian Theory of Probability: A Study of Stumpf, von Kries, and Meinong Andreas Kamlah	91
6 Fechner’s Indeterminism: From Freedom to Laws of Chance Michael Heidelberger	117
7 The Saint Petersburg Paradox 1713–1937 Gérard Jorland	157
8 Laplace and Thereafter: The Status of Probability Calculus in the Nineteenth Century Ivo Schneider	191

9	Emile Borel as a Probabilist Eberhard Knobloch	215
III UNCERTAINTY		
10	The Domestication of Risk: Mathematical Probability and Insurance 1650–1830 Lorraine J. Daston	237
11	The Objectification of Observation: Measurement and Statistical Methods in the Nineteenth Century Zeno G. Swijtink	261
12	The Measurement of Uncertainty in Nineteenth-Century Social Science Stephen M. Stigler	287
IV SOCIETY		
13	Rational Individuals versus Laws of Society: From Probability to Statistics Lorraine J. Daston	295
14	Décrire, Compter, Calculer: The Debate over Statistics during the Napoleonic Period Marie-Noëlle Bourguet	305
15	Probability in Vital and Social Statistics: Quetelet, Farr, and the Bertillons Bernard-Pierre Lécuyer	317
16	Paupers and Numbers: The Statistical Argument for Social Reform in Britain during the Period of Industrialization Karl H. Metz	337
17	Lawless Society: Social Science and the Reinterpretation of Statistics in Germany, 1850–1880 Theodore M. Porter	351
18	Prussian Numbers 1860–1882 Ian Hacking	377

19	How Do Sums Count? On the Cultural Origins of Statistical Causality	395
	M. Norton Wise	
	Name Index for Volumes 1 and 2	427
	Subject Index for Volumes 1 and 2	437
